

DAGENHAM PARK SUBJECT CURRICULUM

Subject	Design Technology
Year Group	Year 11 2021-2022
Overview	<p>The ability to learn and apply new practical skills through a process of development, reflection and refinement is highly valued in the creative industries. These components will help pupils to progress to Level 3 vocational and academic qualifications. The components will also enable pupils to develop transferable skills, such as teamwork, time management and communication, in preparation for further study and employment.</p> <p>In this final year of the Art and Design Tech award, pupils will be preparing for the completion of component 2 – developing practical skills in art & design and component 3 Responding to a client brief.</p> <p>Component 3 is the External Examination Assignment</p>
Autumn Term	<p><u>Component 2 – Developing practical skills</u></p> <p>In this component pupils improve their practical skills through testing and reviewing their application of techniques and processes to materials. They develop practical design skills and explore techniques, working across a range of media used in art and design practice, they practise skills with materials, techniques and processes.</p> <p>Throughout the skills development, pupils will review their own progress and consider how they can make improvements. They will then learn how to communicate their processes and outcome to show skills development</p>
Spring term	<p><u>Component 3 – Responding to a client brief</u></p> <p>This external component builds on knowledge, understanding and skills acquired and developed in Components 1 and 2</p> <p>In this component, pupils will interpret a client brief that is asking them to produce specific art or design work for an identified audience. They will use their skills to understand the constraints and the requirements of the brief.</p> <p>Pupils will use planning and organisation skills to ensure that the work can progress and develop in a structured way. They will ensure that the work meets the requirements of the brief by continually reviewing the work in relation to client needs. Finally, pupil will present the work in an appropriate format for the client, in order to communicate the development and the final response.</p>
